

Dear Park Shore Parents,

Often we have questions about children's development and wonder if their speech, ability to comprehend others or express him / her self is within age expectation. Some concerns may be:

- Clarity of speech
- Ability to understand and / or express ideas
- Difficulty following directions
- Dysfluent speech
- Hearing

Bilinguals Inc will be providing speech screenings to help answer some of these basic questions or concerns. Bilinguals Inc. – Child and Parent Services was founded in 1995 and its programs are approved and funded by the New York State Department of Health, the Nassau & Suffolk County Department of Health Services and the New York City Department of Health and Mental Hygiene.

The screenings will take place on Thursday, November 12<sup>th</sup>, Friday, November 13<sup>th</sup>, Monday, November 16<sup>th</sup> and Tuesday November 17<sup>th</sup>. Each parent will receive their child's screening results and suggestions for additional follow up if necessary. If you would like to take part in this program, please complete the form below and return it to your child's teacher with either cash or check in the amount of \$5.00. Please make the check out to: Bilinguals Inc.

If you have any question regarding these screenings, please call the office and we will be happy to answer them.

Dianne Vitucci  
Education Director

Sincerely,  
Bob & Chuck
