

## Park Shore Country Day Camp Staff

Park Shore Country Day Camp offers a great opportunity for qualified candidates to work with children and have fun in our outdoor recreational program. College-age students and graduates as well as teachers, qualified adults, and high school graduates will accompany and participate with our campers in a day of athletics, aquatics, and cultural art related activities. You will follow an organized schedule of activities that will take you and your campers around our beautiful 15 acre wooded facility.

In addition to working with our campers, our staff have the opportunity to participate in our very exciting staff activity schedule during and after the camp day. Activities such as The Park Shore Pageant, Gong Show, Talent Show, Human Tic Tac Toe, Dunk Tank and many others gives our staff a chance to be creative while at the same time entertain our campers. They also can take advantage of our Staff Barbecues, Staff Softball Team and many other activities that are planned during the camp season. It's a summer filled with fun and excitement!
