

Juniors

Our Park Shore Junior Program is designed for campers ages 6-7. As Juniors, these campers have reached a new level at Park Shore.

They have the opportunity to utilize all of the facilities and participate in all the Special Events and activities that Park Shore has to offer such as our 24 foot Rock Climbing Wall, our new Sky Trail High Ropes Course, Bungee Trampoline, as well as Skate Park and Pedal Karts.

Juniors will also be introduced to a more intense athletic program.

They will have the opportunity to enjoy our amazing Baseball Dream Field, batting cages, and our newly renovated basketball courts and soccer field. Juniors will also thrive in developmentally appropriate instruction and challenges in our Aquatics Program. Our Cultural Arts Program will offer our Juniors more challenging activities and projects that will keep them interested and excited.

Our campers arrive at Park Shore approximately 9 a.m. and leave camp around 4 p.m. They will be in a camp group based on their age, grade and gender and will be led by an adult group leader who is assisted by college age counselors. Their activity schedule is specially created for their age and will include aquatics, athletics, specialty activities, cultural arts activities, lunch and a long list of very exciting special events each week.
